

Project Management Fundamentals

Course: **00021**

Filter: **Beginner**

Duration: **2 days**

Category:: **Project Management**

Price: **2500,00 €**

About Course

In this comprehensive course, you will learn the fundamentals of project management: how to initiate, plan, and execute a project that meets objectives and satisfies stakeholders. Aligned with the Project Management Institute (PMI®) A Guide to the Project Management Body of Knowledge, (PMBOK® Guide) – Fifth Edition, 2013, this course provides a step-by-step guide to planning and executing a project. Working through case studies with real-world scenarios, you will interact with fellow students to learn and apply the methodologies and good practices of formal project management.

What you'll learn

- Manage a project through each stage of the project management life cycle
- Document the needs and priorities of key stakeholders
- Develop an execution strategy that will fulfill stakeholders' expectations
- Develop a project plan that balances scope, time, cost, and risk
- Assess project complexity and analyze scope to a suitable degree of granularity
- Establish project controls to ensure a successful outcome
- Monitor project activities and effectively assess progress
- Report status and performance efficiently and effectively
- Collect lessons learned and create a project archive that contributes to an organization's experience base

Targeted audience

- Anyone who is involved in, or affected by, projects or change management within an organization, including project managers, IT project managers, project coordinators, team leaders, product managers, program managers, project team members, subject matter experts, analysts, stakeholders, and senior managers who want to get more out of their project teams
- Anyone in a leadership role who will benefit from an introduction to the art and science of project management
- You should not take this course if you have taken IT Project Management or Applied Project Management. The subjects covered are the same

Pre-requisites

None

Curriculum

Module 1: Foundations

- Formal vs. informal project management
- Project Management Institute (PMI)® framework
- Project management life cycle

Module 2: Initiating

- Role of the project manager
- Project charter
- Stakeholder identification and assessment
