About Course

On 25th May 2018, the EU GDPR came into effect; and it's here to stay well beyond Brexit. This significant legislation will succeed the Data Protection Act 1998 (DPA), and is described by some as the “biggest single shake up of data legislation in the last 25 years.” It will have wide reaching affects for all organizations who collect, manage, process, and store personally identifiable and sensitive data for EU citizens — anywhere in the world. With this legislation now in effect, it is essential that organizations are complying with these changes. This half day GDPR training course will develop essential GDPR awareness and understanding and will include an overview of the 1998 UK Data Protection Act as well as the new requirements of the 2018 EU Data Protection Regulation. This half day training course will develop essential GDPR awareness and understanding, so can you and your organization is ready for GDPR compliance
